	The meeting was held on 15 th March at the Mayfield Centre in Bradford.																								

	<p>17 people from 10 different organisations came to the meeting.</p>
<p>Co-Production Partnership</p>  <p>Sharing the power</p>	<p>The Partnership Board has been set up to oversee the work of the Co-Production Partnership.</p>
<p>involvement</p> 	<p>It will help make sure we are involving disabled people in our work.</p>
	<p>It is also a chance for disabled people and people who make decisions about services to talk and listen to each other.</p>
	<p>We heard about what the Partnership and working groups have done so far.</p>
	<p>People also talked about what issues were important to them as disabled people.</p>

	<p>Many of the issues disabled people talked about have been raised previously.</p>
	<p>Disabled people said that they felt that too many organisations were not very good at thinking about what disabled people needed.</p>
	<p>People often find that pavements are blocked</p>
	<p>BSL is often not available when people have asked for it</p>
	<p>Many people also said that NHS services were not always easy to use.</p>
 <p>Co-Production Partnership Board Notes from meeting held on Wednesday 15th March at Mayfield Centre</p>	<p>You can find a link the notes of the March meeting here.</p>

	<p>You can listen to a recording of the notes here</p>

What the Partnership is working on at the moment.

We are working on some exciting projects at the moment.

We want people to be involved in these.

 <p>Day Centre</p>	<p>Day services for people with learning disabilities</p>																																																								
	<p>We are wanting to work with people with learning disabilities to help out as researchers.</p>																																																								
	<p>You will talk to other people with learning disabilities who use day services about what they want them to look like.</p>																																																								
	<p>It might be doing one to one interviews or helping run a group discussion.</p>																																																								
 <p>Training Room</p>	<p>We will provide training and give people support to do this.</p>

Changing Places Toilets

Changing Places Toilets are highly accessible toilets and changing areas for disabled people with complex needs.

Bradford Council has funding for developing 8 new Changing Places Toilets across the district.

There will be an opportunity for disabled people and carers to say what they need from these.

We are hosting a consultation on behalf of Bradford Council on Tuesday 23rd May, 12.30 – 2.30 at Equality Together, Manningham Mills Community Centre, Lilycroft Road, Bradford, BD9 5BD.

For more information call or text Darryl on 07950 173 437 or email darryls@equalitytogether.org.uk

Home Support Services

Do you or someone you care for use Home Support Services? These are things like help getting dressed, washing or taking medications. People usually have one or two short visits each day.

We are working with Bradford Council to help them decide which organisations should provide these services in the future.

We are wanting people with experience of these service to help assess who should do this.

We need people for half a day or more to help in the middle of May or June.

For more information please contact Alicia on 07977 160 188 or email Alicia.mornin@bradford.gov.uk

	<p>Neurodiversity and mainstream services</p>
	<p>We want to hear from people with neurodivergent conditions, such as autism, ADHD (attention deficit hyperactivity disorder), OCD (obsessive compulsive disorder) and Tourette's Syndrome about their experience of using mainstream services.</p>
	<p>These are services which are open to anyone in the community.</p>
	<p>It includes things like using the health service, joining in activities in the community, playing sport, doing hobbies, getting training and education or using services like the job centre.</p>
	<p>Which services have been easy to use? Which services are difficult to use? What could services do to make it easier for you to use them?</p>
	<p>For more information please contact Wil by phone or text on 07432 264 881 or email willq@equalitytogether.org.uk</p>
